

Seefeld, 12.01.19

TEAM NOTICE

Due to the request to open the World Champion-tracks earlier, the OC Seefeld2019 made the following decision:

- We will open the Cross Country service area on Sunday, 17th February 2019, which means that the service area as well as the parking area for trucks is in full operation (e.g. power). Each team has the possibility to move into its assigned container.
- We will open **parts** of the World Champion-tracks (without stadium – Start/Finish area) for training on Sunday, 17th February from 12:00 pm – 14:00 pm.

ATTENTION: teams can only use the track with team bibs! Distribution of the team bibs will be at the Cross Country Race office for Cross Country teams and at the Nordic Combined Race office for Nordic Combined teams!

In order to get the team bibs you need to register beforehand. Deadline for registration: Monday, 11th February 2019

Cross Country: Andrea Mladek cc@seefeld2019.com
Nordic Combined: Angelika Rastinger Grabner nc@seefeld2019.com

- Parking of the trucks at the right position at the Cross Country Service Area will be possible from Wednesday, 13th February 2019.
- The OC Seefeld2019 also organised that every team member has the chance to use the rest of the Cross Country tracks in the Olympiaregion for free.

Responsible person for the Cross Country Service Area (CC & NC) including the wax truck parking area is **Stefan Vellinger**. For a smooth organisation we kindly ask you to contact him before arrival.
